MARIYAMATH SIFANA

SOFTWARE TESTER

Kasaragod, Kerala, India +91 9746453270 mariyamathsifana@gmail.com

github.com/mariyamathsifana-a11y

PROFILE SUMMARY

BCA graduate seeking an entry-level software testing role. Knowledge of manual testing, test case design and execution, functional and regression testing, defect reporting, and web application testing. Practised automation using Selenium WebDriver, Java, TestNG, Maven, and Playwright with TypeScript. Familiar with Postman, Apache JMeter, SQL, Git, GitHub, Claude AI, and Antigravity.

TECHNICAL SKILLS

Manual Testing:	Test case design and execution, functional testing, UI testing, smoke, sanity, regression, retesting, positive and negative testing
Automation Testing:	Selenium WebDriver, Playwright, Page Object Model (POM), locators, waits, assertions
Languages / Query:	Java (basics), TypeScript (basics), SQL
Testing Tools:	TestNG, Maven, Postman, Apache JMeter (basics)
Other Tools:	Git, GitHub, Antigravity, Claude AI
Testing Concepts:	SDLC, STLC, black-box testing, bug life cycle, defect reporting, severity and priority, cross-browser testing

EXPERIENCE

Software Testing Intern — Zoople Institute, Kochi One-month internship

Conducted hands-on test case design, manual test execution, regression runs, defect logging, and exposure to automation workflows in web applications.

EDUCATION & CERTIFICATIONS

Bachelor of Computer Applications (BCA) — Kannur University 2022 – 2025

Academic Performance: CGPA: 83%

Software Testing Course — Zoople Institute, Kochi 06/2026 – 11/2026

Comprehensive training in Manual Testing, Selenium WebDriver, Playwright, TestNG, Maven, Postman, SQL, and JMeter.

PROJECTS

OrangeHRM — Automation Testing (Playwright & TypeScript) AUTOMATION

Automated login, admin, dashboard, and directory scenarios using Playwright with TypeScript and Page Object Model (POM). Implemented robust locators, waits, and assertions with Antigravity.

github.com/mariyamathsifana-a11y/orangeHrm_antigrativity_project

Web Automation Practice (Playwright & Selenium) AUTOMATION

Practised 25+ web interactions including alerts, iframes, file uploads, drag & drop, multi-window switching, date pickers, and assertions across modular POM architectures.

Playwright Project | Selenium Project

GIGA OBS Automobiles — Manual Testing

MANUAL TESTING

Prepared and executed test cases for customer, service provider, and admin modules; tested registration, login, OTP, profile, services, orders, and payment features; documented defects with severity and priority.

Sauce Demo — E-commerce Testing

MANUAL / FUNCTIONAL

Practised login, product selection, shopping cart, and checkout workflows; documented test execution results and defect scenarios.

API and Performance Testing Practice

API & PERFORMANCE

Practised API request and response validation using Postman, database query verification with SQL, and basic performance testing concepts using Apache JMeter.

DormSearch

ACADEMIC PROJECT

Designed to help students and working professionals find hostels, rooms, and other accommodation near their college or workplace based on their needs.
